THEY BIT OFF TOO MUCH!

The Sorrowful State--the Positive Truth of Lurie & Blumberg's Acute Conditions. The absolute and unvarnished facts, Lurie & Blumberg risked once too many; the mistake must be rectified.

We are overloaded on merchandise. In the past two months we purchased two bankrupt stocks, also the Farmerly-Whatley Co.'s and Dothan Shoe Co.'s stocks. We first bought the M. Cherry stock of Dothan at 40 cents on the dollar, next we purchased the Geo. L. Harris stock of Montgomery at 42 cents on the dollar, then last we bought the combined stocks of the Farmer-W hatley Co. and the Dothan Shoe Co, both of this city, at 60 cents on the dollar, and this was the strain that broke the camel's back. We strained our resources in this purchase, we used our credit to the very limit. Blinding ourselves to reason we made a plunge that at this moment seems FATAL. We own up the corn, we admit our mistake and we therefore issue forth this last call, this last appeal to the people, this final call unto you to come and take this merchandise off our hands AT JUST ANY PRICE.

First. Land is the basis of all wealth, and is absolutely safe.

Second. Land in the South has been, and is still increasing in value.

Third. On account of the opening of the Panama Canal, land on the Gulf Coast will rapidly advance in the next few years.

Fourth. St. Andrews Bay is considered by the government engineers as the best natural harbor on the Gulf Coast.

Fifth. Thousands of people are going into the region around St. Andrews Bay every year.

Sixth. The best part of the St. Andrews Bay country is to the north of East Bay on account of the rich black elevated lands.

Seventh. East Bay will be the transfer point of the cargoes of the Chattahoochee and Flint River steamers to the ocean vessels.

Eighth. Calloway is situated on the North side of East St. Andrews Bay on an elevated plateau of rich reddish black soil.

Ninth. Three railroads are now heading for Calloway and as work on these roads progresses, prices at Callowey will advance.

Tenth. Over four hundred lots in Calloway have been sold to many of the best people of Alabama, Georgia and Florida.

We have just closed a deal with the St. Andrews Realty Co. which puts us in posession of six hundred of the best remaining business and residence lots at Calloway, Fla., one of the new towns on the best harbor of the gulf coast. About 400 lots have been sold to people of various parts of Alabama, Georgia and Florida, and building operations are being pushed. The average elevation of these lots is 20 feet above high tide, and they are practically level, just rolling enough to drain properly. People have been living at the location for a hundred years and the health is unsurpassed. Our investigations have lead us to the belief that Calloway will be the best and largest city on St. Andrews Bay, and on this belief we recomend these lots to investors and home-seekers. The prices are as follows:
